Angelenic Downtown Los Angeles Endorses Proposition 7

“propositioning downtown: where we stand on the issues

by Rich Alossi on October 20, 2008...

7. Solar and Clean Energy: Yes. Prop 7 would set clear, strict targets for renewable energy production in California, creating tens of thousands of green jobs, reducing pollution and setting the standard for green energy solutions throughout the world.”

“We welcome the support of Angelenic Downtown for our Yes on 7 campaign,” said Jim Gonzalez, chair of Californians for Solar and Clean Energy. “Grassroots leaders from across California recognize the unique opportunity that Prop. 7 offers to break through the legislative gridlock and help us move toward clean energy.”
